

Equality & Diversity Policy

Stopping violence in our lives
and in our communities

Scope

Equality and diversity is an integral part of all of the policies and practices of Ashiana Network. This policy should be read in conjunction with all other Ashiana Network policies, procedures and mandatory documents.

This policy applies to all employees, volunteers, trustees, service users, and visitors, also to all engagements with funding bodies, partner organisations, sub-contractors and suppliers

While we will adhere to the legislation, Ashiana Network also strives to develop equality and inclusion strategies and practices beyond our statutory requirements.

This policy forms part of the terms and conditions of employment for staff.

The Ashiana Network qualifies the term 'South Asian, Turkish and Iranian women' as any woman of Pakistani, Indian, Bangladeshi, Sri Lankan, Turkish or Iranian descent.

Aim

The aim of this policy is to ensure that diversity is valued and celebrated at Ashiana Network. We aim to ensure fair treatment for all involved with Ashiana Network and recognise and remove any unfair barriers to equality of opportunity in our resources, service provision and employment.

Our Core Values

- Professionalism
- Innovation
- Excellence
- Commitment
- Empowerment

Ashiana Network firmly believes that strengthening the women's sector helps challenge discrimination against women and improves their lives of women.

Ashiana will:

- actively challenge any discrimination against women within our own organisation and other;
- proactively work with, learn from and support other equalities organisations and will ensure our work is based on an equalities framework;
- work in an open, honest, accountable and transparent way with staff, volunteers, members and other stakeholders;
- ensure that our activities, services and information are accessible;
- Work collaboratively with other organisations to address gender inequality and we acknowledge the expertise of women's organisations.

The organisation's services, policies and practices need to reflect the needs and experiences of the community. It is necessary for all staff, volunteers, members of the Board and service users to adhere to, and positively promote, the organisation's Diversity and Equalities Policy. Adherence to the Diversity and Equalities Policy is a condition of service for all staff, and of recruitment to the Board of Management.

This statement covers the main areas of the organisation's work. It highlights the methods by which policies ensure equality of opportunity and treatment are being implemented.

1. Policy Statement

- 1.1 Ashiana Network is committed to supporting, developing and promoting equality and diversity in all of its practices and activities and aims to establish an inclusive culture free from discrimination and based upon the values of dignity, courtesy and respect. The organisation will support and develop the staff through providing all with access to facilities, personal and career development opportunities, on an equal basis regardless of ethnic origin, national identity, disability, age, sexual orientation, religious belief or socio-economic background.
- 1.2 This commitment supports the organisational principles of Ashiana Network and upholds the ethos of establishing a culture based on dignity, courtesy and respect.
- 1.3 This policy builds upon the foundation of equality legislation and anti-discrimination guidance and strives, not only to comply with legal requirements, but to use these to ensure that Ashiana Network endeavours to exemplify best practice.
- 1.4 Ashiana Network values diversity and recognises that the institution is greatly enhanced by the disparate range of backgrounds, experiences, views, beliefs and cultures represented within its staff. Ashiana Network aims to embrace diversity in all of its activities and proudly acknowledges that variety and difference are intrinsic to the wellbeing and future development of Ashiana Network.
- 1.5 The Equality and Diversity policy underpins the Mission of Ashiana Network and is integral to the success of the organisation.
- 1.6 This is an over-arching policy designed to outline the fundamental principles of Ashiana Network's commitment to equality and diversity and will be supported by specific action plans for each of the following: Gender, Race, Disability, Religion and/or Belief, Sexual Orientation, Age and Dignity at Work.
- 1.7 The policy applies to all staff posts, to all staff employed on a full time or part-time basis, to all staff on permanent or temporary contracts, and to agency staff undertaking duties in the name of Ashiana Network and to sub-contractors undertaking work on the Ashiana Network site.

2. Statement of Intent

- 2.1 Ashiana Network recognises that many people in our society experience discrimination or lack of opportunity for reasons which are not fair. These include: race, religion, creed, colour, national and ethnic origin, language, political beliefs, gender, sexual orientation, age,

disability (including mental illness), HIV status, marital status, responsibility for dependants, appearance, social class, income level or criminal record.

- 2.2 Ashiana Network takes the position that everyone should be treated fairly, without discrimination and should have his or her human rights respected. Where we find discrimination and lack of opportunity in our own policies and practice, we shall challenge these, and where we find this in other organisations that we work with, we shall encourage them to do the same.
- 2.3 Ashiana Network is striving to create a culture that respects and values the individual and each individual's differences. We believe that each individual has the right to the opportunity to fulfil their potential, and that each person within this organisation has a contribution to make.
- 2.4 It is a requirement of employment with this organisation, and/or of contracting with this organisation that all employees, volunteers, committee members, member organisations and contractors consent to support the objectives of this Equality and Diversity Policy. Failure to do so may result in disciplinary action, ineligibility for membership or termination of the contract.

13. Confidentiality

14. Breach of Policy

Contravention of the Equality and Diversity policy will be treated as a disciplinary matter and offenders will be dealt with under Ashiana Network's Disciplinary policy for all staff.

15. Equal Opportunity & Diversity

It is the aim of Ashiana Network that individuals and groups within the organisation are not only treated on an equal basis, but that their diverse contributions to socio-political and cultural life of Ashiana Network are recognised and developed.

- **Equal opportunity refers** to the elimination of unlawful and unfair direct and indirect discrimination of particular groups.
- **Diversity** can be defined as the wide range of differences, both visible and non-visible, that characterise people (such as nationality, race, gender, background or belief).

15. Examples/Definitions of Discrimination

Ashiana Network believes that discrimination can take one or more of the following forms; however it is not intended that this list is exhaustive:

- **Direct discrimination-** This is where someone is treated less favourably because of the group they belong to. *For example, refusing to employ someone who has the required skills because they are deaf, lesbian or gay; or because they are pregnant would constitute such discrimination.*
- **Indirect discrimination-** This is where a policy applies to everyone but disadvantages a person who belongs to a particular group
In some circumstances, indirect discrimination may be justifiable but only if it is considered to be a proportionate means of achieving a legitimate aim.
For example an unnecessary physical or age requirement can discriminate against women or disabled people. The setting of language tests, where language skills or fluency are not really needed for a job, is another example.
- **Victimisation-** This is when someone is treated badly because they have made or supported a complaint or grievance under the legislation
Discrimination in any of the forms stated above is unacceptable, regardless of whether there was any intention to discriminate or not.
- **Discrimination by perception-** This is direct discrimination against someone because others think that they belong to a particular group, even if the person does not

- **Associative discrimination**- This is direct discrimination against someone because they are associated with another person who belongs to a particular group
- **Dual discrimination**- This is where someone is discriminated against because they belong to two particular groups; e.g. Black woman
- **Harassment**- This is behaviour that is deemed offensive by the recipient. Employees can now complain about behaviour that they find offensive even if the behaviour is not directed at them
Definition of harassment (ACAS) "Unwanted conduct affecting the dignity of men and women in the workplace. It may be related to age, sex, race, disability, religion, nationality or any personal characteristic of the individual, and may be persistent or an isolated incident. The key is that the actions or comments are viewed as demeaning and unacceptable to the recipient."
- **Institutional racism (Macpherson Report, 1999)**
The collective failure of an organisation to provide an appropriate and professional service to people because of their colour, culture or ethnic origin. It can be seen in the processes or attitudes and behaviour, which amount to discrimination, to unwitting prejudice, ignorance, thoughtlessness and racist stereotyping which disadvantages minority ethnic people.
- **Racist incident (Macpherson Report, 1999)**
Any incident which is perceived to be racist by the victim or any other person. If the victim doesn't want to complain, another person may do so.
- **Bullying (based on ACAS definition)**
Offensive, intimidating, malicious or insulting behaviour, an abuse or misuse of power through means which undermines, humiliates, denigrates or injures the recipient.
- **Equality and Human Rights Commission (EHRC)**
The EHRC promotes equality and human rights in Britain through advice and guidance to individuals, organisations and government bodies.
- **Genuine Occupational Requirement (from October 2010: Occupational Requirement)**
This exception applies where being of a particular sex, race, disability, religion or belief, sexual orientation or age, or not being a transsexual person, married or a civil partner is a requirement for the job. The requirement must be crucial to the post and the person seeking to rely on it must be able to show that it pursues a legitimate aim.

16. Positive action

Is offering help/encouragement to people who are underrepresented in order that they may take full and equal advantage of opportunities in jobs, education, training, services, etc.

17. Social Model of Disability

Ashiana Network accepts the social model of disability. We accept that it is society (individuals and organisations) that has erected barriers to jobs, services, education and training. Ashiana Network will endeavour to remove barriers as and when they are recognised and consult appropriately to ensure as wide as possible access for all.
